

From

Director, Higher Education, Haryana
Shiksha Sadan, Sector-5, Panchkula.

To

The Principals,
AllGovt. Colleges of the State.

Memo No:- DHE- 010009/42/2022-Coordination (NPE)
Dated Panchkula, the 18.09.2023

**Subject: Regarding collaboration of Department of Higher Education
with Cambridge Regional College, United Kingdom.**

Kindly refer to the subject cited above.

I am pleased to inform you that the State Govt. of Haryana has signed a Memorandum of Understanding (MoU) with Cambridge Regional College, United Kingdom for experiential learning programme for students and faculty members of Govt. Colleges in the State. This involves practical, Technical Vocational and Life Skills Training needed when one works in the Industry and otherwise. The purpose of this programme is to pave the way for Haryana Educators to shape and implement world class techniques, they think would benefit students and staff within their individual institutions.

The main aim of the project is to prepare students and faculties for National Education Policy and also for placement, selfemployment, Entrepreneurship and Incubation. By acquiring the globalized teaching and training, these candidates would also have an excellent set of Interpersonal skills as well as the practical skills so that they would be better placed to deal with a variety of stakeholders, both nationally and internationally. When faculty and students integrate intercultural materials into their educational experience, the educational Institute becomes more adaptable to a growing diverse student body, as new approaches, ideas, and different experiences are introduced, thus infusing a global approach to teaching and training.

Faculty members, students and the Institutions themselves would enjoy knowledge and skills sharing, enabling them to impart more

global and practical skills and knowledge to the students, to be more competitive in the age of globalization. The exchange scheme is devised in a way whereby the faculty and students are expected to spend up to two Weeks in the host institution to share, learn and deliver best practices on curriculum development, innovation & technology, quality assurance process and engagement with industry & employer.

Cambridge Regional College is a leading college of Cambridge University which offers courses for school learners, professional training and community courses etc. This college is among top 10 colleges as per the newly published league table of Further Education Colleges in England. The courses offered by CRC are designed to fit around the current requirements of the employees.

The overall aims of this exercise are as follows:

- To learn, share and deliver best practice on employability skills, skill base learning curriculum development and class/program implementation
- To understand requirements and needs in Equality, Diversity and Safeguarding for a diverse range of students including cultural awareness.
- To embed, develop and implement Quality Assurance, Innovation Technology & Connecting Employer & Industry.
- To put together provision of a vast set of programme learning materials and guides that can be adapted for specific institution types or delivery methods.
- To bring about both formal and informal learning opportunities throughout people's lives in order to nurture the continuous development and enhancements of the skills and knowledge required for employment opportunities and personal fulfillment.
- To enable tailored academic support and to facilitate the teaching staff.

- To give support on Examination, Assessment, Moderation and Internal Verifications models.
- To access the online Digital Library and Learning Resource Centres.
- To access the Virtual Learning Environment (VLE) by the Host College.

As per the Memorandum of Understanding, 13 students and 13 teachers from Govt. Colleges will be chosen for this programme. 4 students and 4 teachers from Govt. Polytechnics will be chosen and 3 students and 3 teachers from Shri Vishwakarma Skill University, Gurugram will be chosen.

I have been directed to request you to publicize the above mentioned scheme among the students of 2nd year & 3rd year of under graduate and faculty members. The criteria for the selection of students and faculty will be as below:
